

## SOLAS New Regulation: Are you ready ?

In order to ensure complete visibility and a seamless transition when adapting to the new SOLAS regulation, we have created a dedicated page on our website to guide you through the new Verified Gross Mass (VGM) regulation.

Visit [our page](#) and [consult our flyer](#) to learn everything about the procedures and methods to submit the verified gross mass of your cargo.

From **July 1st 2016**, the Verified Gross Mass will be applied for better container stowage onboard vessels to avoid incident. CMA CGM Group expect to receive the weight prior to planning. A specific SOLAS cut-off will be provided to our customers within booking confirmation.

## CMA CGM eBusiness, your easiest solution for VGM compliance

CMA CGM eBusiness platform is fully compliant to handle your VGM submission requirements. VGM information is gathered, compiled and shared with terminals. VGM information can be submitted along with Shipping Instructions (SI) or through a separate submission.

**Free VGM submission** : Safety, compliance and efficiency is not a matter of price. All VGM submissions within the CMA CGM eBusiness platform are free.

**Integrated visibility** : CMA CGM eBusiness offers shippers a unique business space which permits you to follow the SOLAS status of all your containers in a single view.

**Pre-filled forms:** For shippers with booking / BL numbers, associated container numbers and tare.

**Online Verification Process :** Data entered is automatically controlled and verified to limit the risk of rejections. We make sure that your entries are compatible with the tare weight and the allowed weight. The process also will also verify the match between the booking number and the containers.

**Mass submissions:** By uploading an excel file into the CMA CGM eBusiness platform, you will be able to register dozens of VGM submissions at once.
